

Review

- The endemic plants - a valuable resource with vast potential in Bulgaria: A brief overview.....219**
D.T. Petkova, D.Sp. Mihaylova

Genetics and Breeding

- Breeding assessment of new promising cotton lines.....234**
V. Dimitrova, R. Dragov

- Biometric data of peach and nectarine fruit and stones.....240**
A. Zhivondov, S. Savchovska, S. Pandova, D. Petkova, P. Doykina, I. Manolov

- Comparative study of some phenotypic characteristics between the Ispenc (Turkey) and Southwestern Bulgarian dzhinka chicken breeds.....245**
I. Pavlova, D. Özdemir, H. Lukanov

Nutrition and Physiology

- Photosynthetic activity and productivity of durum wheat (*Triticum durum* Desf.) affected by certain preparations and various terms of sowing.....250**
P. Nikolov, G. Delchev

- Influence of soybean meal replacement with high-protein sunflower meal on “Clarcs of energy distribution/ protein transformation” in broiler chickens.....255**
S. Chobanova, D. Penkov

- Application of rosemary essential oil (*Rosmarinus officinalis* Linnaeus, 1753) for anesthesia and transport of bighead carp (*Hypophthalmichthys nobilis* Richardson, 1845) fingerlings.....260**
V. Krasteva, M. Yankova, A. Ivanova

- Effect of black pepper (*Piper nigrum*) extract on productive traits, economic efficiency and blood biochemical parameters of rainbow trout (*Oncorhynchus mykiss* W.).....266**
Ts. Stoev, G. Zhelyazkov

- Food consumption and winter mortality in bee colonies wintering in hives made from different materials with lattice and solid bottom.....272**
I. Zhelyazkova, S. Lazarov

Production Systems

- Operational characteristics of a machine-tractor unit for direct sowing of barley using the JD LINK telematics system.....276**
G. Tihanov, G. Hristova

- Selectivity and stability of herbicides, herbicide tank mixtures and herbicide combinations on seed yield of Clearfield oilseed canola (*Brassica napus* L.).....280**
G. Delchev

Contents

2/2

Comparative study of a milking unit pulsation system in laboratory and field conditions.....285
 G. Dineva

Pulsation parameters of new and used milking liners with round cross section.....288
 G. Dineva, K. Peychev, D. Georgiev

Agriculture and Environment

Design parameters of furrow forming and compacting roller of the combined seeder STS-80.....292
 G. Hristova, M. Dallev, G. Tihanov

**Study on the effectiveness of chemical and biological agents to control tomato leaf miner
 (*Tuta absoluta* Meyrick, 1917).....295**
 R. Mineva, V. Yankova, N. Valchev

Implications of captive breeding for the reintroduction of the Saker falcon (*Falco cherrug*) in Bulgaria.....300
 R. Petrov, Y. Andonova, Y. Gancheva, I. Klisurov

Product Quality and Safety

**Bacteria variety causing clinical mastitis in Holstein-Friesian cows in Pelagonia region,
 North Macedonia.....307**
 S. Stojanovski, G. Cilev, B. Trajanoska

Evaluation of fatty acid profile and naturalness of butter marketed in Bulgaria.....313
 N. Naydenova
